—*FOLDING ORGAN.*—

Length, 3 ft. 7 in.; Depth, 1 ft. 11½ in.; Height, 3 ft. 2½ in.
Weight, boxed, 360 lbs.

Style 200. The **Acclimatized Organ** now introduced is designed for Tropical climates and countries where extremes of heat and moisture, the dry season and other conditions must be provided for, and with its Hermetic Folding Case, is so constructed that climatic changes will not affect it. Waterproof glue with brass pins and screws are used where common glue is sufficient in other Organs, and no metal except brass is exposed to the action of the weather. The action and Reeds correspond with Style 114. **ELEVEN STOPS:**—*Melodia, Diapason, Viola, Flute, Violetta, Vox Jubilante, Sub-Bass, Vox Humana, Harmonique Coupler, I. Forte, II. Forte, Grand Organ (Knee) and Knee Swell.*

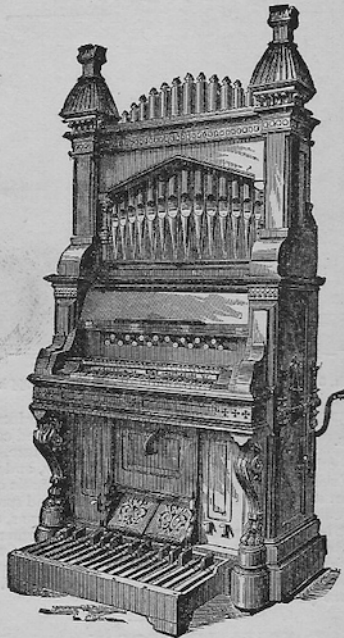

TRAVELLING ORGAN.

Style 201. Especially for Travelling Troupes, and probably no similar instrument in the world will stand so well the wear and tear and the exceptionally rough usage to which it is exposed. Very strong and compact throughout. The action same as Style 114. **ELEVEN STOPS.**

Two MANUAL ORGAN, PIPE TOP.

Style 94.—115 Gals.—(Same as Style 87.)

Length, 4 ft. 7 in. (with Blower, 6 ft.); Depth, 2 ft. 8 in.; Height, 8 ft. 11 in.
Weight, boxed, 1060 lbs.

Style 96.—140 Gals.—(Same as Style 89.)

Length, 4 ft. 10 1/4 in. (with Blower, 6 ft. 4 in.); Depth, 2 ft. 8 in. (with Pedals, 4 ft.);
Height, 9 ft. 3 in. Weight, boxed, 1200 lbs.

THESE noble Organs correspond in every particular with Styles 87 and 89, and have, in addition, an imposing **Pipe Top**. For elegant appearance, and quality and power of tone, they have NO EQUAL. The Pipes are richly embellished, the ornaments are deftly carved, and the case is of Solid Black Walnut.
